

Exhibitor Information

Name of Exhibitor	UniNanoTech Co., Ltd.	President	Donghyun Kim
Address	#1-303 (Ace Dongbaek tower) 16-4, Dongbaek Jungangro-16 beongil, Giheung-Gu, Yongin-Si, Gyeonggi-Do, Korea. 17015	Country	Korea
Tel	+82-31-546-8733	Fax	+82-31-285-6195
Email	nano@uninanotech.com	Website	www.uninanotech.com
Contents of Exhibit	Automated Micro Raman system, 2D & Nano materials		

Introduction

UniNanoTech Co., Ltd has been established on Nov. 2008. (10years celebration)

We are mainly supplying a dispersive Micro Raman/PL mapping system, UniDRON, UniRAM, ACRON, etc.

We will do our best to provide a product and useful solution for user application based on years of experience and valuable at optical field. In particular, we hope to help that can be applied in relation of Optical spectroscopy including Raman, Photoluminescence, Fluorescence, ElectroLuminescence, and Timeresolved Spectroscopy, etc.

We can upgrade your system with your used parts.
Your system will be integrated new one with higher performance.
It can be controlled by a software automatically as like new one.

"Have a good time with ICORS-2018, in Jeju."
