| | | | |
|----------------------------|--|------------------|-----------------------------|
| Name of Exhibitor | WITec GmbH | President | Dr. Joachim Koenen |
| Address | Lise-Meitner-Str. 6 D-89081 Ulm | Country | Germany |
| Tel | +49 (0)731 140 70 0 | Fax | +49 (0)731 140 70200 |
| Email | info@witec.de | Website | www.witec.de |
| Contents of Exhibit | High-Resolution Optical and Scanning Probe Microscopy Systems | | |

Introduction

WITec is a leading German manufacturer of confocal and scanning-probe microscopes for state-of-the-art Raman, Atomic Force Microscopy (AFM), Scanning Near-Field Optical Microscopy (SNOM) and developed the integrated Raman Imaging and Scanning Electron (RISE) microscopy. WITec's headquarters is located in Ulm, Germany, where all WITec products are developed and produced. Branch offices in USA, Japan, Singapore, China and Spain ensure a worldwide sales and support network. WITec has been distinguished by its innovative product portfolio and a microscope design that enables combinations of the various imaging techniques within one system. An exemplar of the company's breakthrough development is the world's first integrated Raman-AFM microscope. To this day, WITec's confocal microscopes are unrivaled in sensitivity, resolution and imaging capabilities. Significant innovation awards such as the Achema Innovation Award 2015 for the fully automated *apyron* microscope and a Prism Award 2015 for RISE microscopy document WITec's enduring success and innovative strength.
